Session # 1

9:30-10:10

Succulents

Succulents are the perfect plant for forgetful gardeners. Succulent care is easy, and succulent gardens and terrariums can brighten any indoor space. Learn about the best types of succulents to grow in the home.

Tomatoes

Did you know there are many different kinds of tomatoes? Join us and learn about some of the award winning and unusual Heirloom varieties

Session # 2

10:20-11:00

Gardens For Small Spaces

You don't need a lot of *space* to grow fresh vegetables, herbs and fruits. You don't really even need a *garden*. . Come learn some techniques to expand your small space.

Gardening for Bees

Designing a *Bee Garden*. Inviting an array of *bees* into your own backyard is simple when you plant their favorite flowers. By providing nectar and pollen as food and creating shelters in your *garden* space, you will create new habitat for *bees*, which is important, as their natural habitats become less and less abundant.

Session # 3

11:10-11:50

An Herbal Tea Garden

Discover easy herbs to grow and brew; culinary & medicinal health benefits; tips for making herb teas & ideas for your *herb tea garden*.

Gardening 101

Whether you're thinking of putting a few containers on your patio or tearing up half of your yard, here are a few tips to get you going.

Session # 4

12:00-12:40

Gardening for Butterflies

Attracting *butterflies* involves incorporating plants that serve the needs of all life stages of the *butterfly*. The insects need places to lay eggs, food plants for their larvae (caterpillars), places to form chrysalides and nectar sources for adults.

Heat Tolerant Plants That Will Survive (And Thrive) This Brutal Summer. These beauties will survive and thrive in the *heat*. ... Prepare your garden for the temps to come by choosing flowers that are super *tolerant* of extreme *heat*, harsh sunlight and dry soil.

10:00- 2:00

Get answers and advice from the experts on any lawn & garden topic including:

- Vegetable Gardening
- Herbs & their uses
- Pruning trees & shrubs

Free Soil pH testing will be available.
